SCRAP VENDING

We are effectively positioned and equipped to collect scraps from a range of construction, manufacturing, and maintenance sites and process the same. Scrap has an exceptional monetary value for recyclable metals and non-metallic materials and we can help you take advantage of the same for excellent returns.

SITE DEMOLITION

Looking to demolish a building or a structure? Our professionals can handle it for you. Gulf Shore Trading and Contracting WLL is fortified with all the required technical and mechanical infrastructure to not only demolish structures and buildings but also have the rubbles removed and site cleaned as per the requirements of the clients in no time.

SITE CLEANING & LEVELING

Want your site cleaned and leveled for your project? Let us take care of it. There is no doubt that getting the site cleaned and leveled for work day after day of the project is a tiresome job. We provide affordable site cleaning and leveling services as per the needs of the clients. We can get your site cleared and leveled after work as per the schedule no matter what your needs are.

COLLECTION OF SCRAPS

Are you looking for a way to get rid of the scraps? Gulf Shore Trading and Contracting WLL are on it. We collect scrap from all types of manufacturing industries, construction sites, demolished buildings and structures, and maintenance plants as per the needs of the clients on schedules.
